Vehicle Mounted White Fog thermal fogging machine “ULTRA FOGGER” are especially designed from best quality materials, to be mounted on vehicles and feature a remote control system for effective “**TOO LARGE OUTDOOR**” treatments. These units can be operated perfectly from the inside of the driver cabin. The most effective and economical treatments of their kind (Thermal Foggers) in large areas and spaces, kill all the flying and crawling insects.

Machines are 2 years warranted for possible manufacturing defects. 10 years spare part keeping guarantee.  
Non stop 50 hours working capacity.  
Even under maximum performance usage the sound pollution is below 80 desibel.  
Shock-absorbing vibration pads that cut vibration to a minimum.  
The machine in dimension and weight is suitable for pick-up trucks/delivery cars.

No pre-technical knowledge needed for usage! Specially designed for easy use!  
All the electronic parts of the machine, connections are simplified.  
No complicated details as many of our rivals do as a policy.  
WhiteFog made it simple for you; to keep the maintenance easy for allowing easy reparation all around the world.  
Briefly, WhiteFog means no maintenance problem.
